

Multi-Active Day  
NEW

Early wrinkles?  
Now, **YOU** can say no thank you!

A CLARINS FIRST: Clarins Laboratories have created a day cream that helps your skin fight the stresses of a busy lifestyle with two new powerful plant actives: stimulating *Ambiaty Leaf* extract, a remarkable medicinal plant from Madagascar and protective antioxidant Hesperidin, an Orange Peel extract, encapsulated in Clarins *Multi-Lamellins* all-day time release system. You will love the fresh, delicious texture. Smoother, protected, moisturized and brighter, your skin will look younger, longer.

MULTI-ACTIVE DAY Early Wrinkle Correction Cream, the new anti-age solution from Clarins, the European leader in luxury skin care, with over 50 years of skinspa experience *caring for you*.
